Serious Post-processing for Serious Photographers

LightJet Printing & Finishing Services

- LightJet Prints

We print with light, not ink – and with unparalleled quality

- Prints only, no finishing
- Your file(s) must be properly “pre-flighted”. More info here (or see *Master File Creation* below): <https://wattsdigital.com/lightjet-prints>
- **Don’t see your size?** We can do it, any size, up to 50”x120” - [contact me](#)
- *Turnaround time: 2 to 5 business days*
- *We expertly ship anywhere in the USA*

<i>Print Size</i>	<i>Fuji RC Gloss or Matte</i>	<i>FujiFlex Super Gloss</i>
8x10	\$20	\$25

11x16.5	30	35
16x20	40	50
16x24	50	60
20x24	60	75
20x30	75	90
24x30	85	100
24x36	100	120

- Master File Creation

What is a Master File, and why do you need one? Ever wanted to see what an experienced [custom photographic printer](#) could do for your images? More here: <https://wattsdigital.com/master-file-creation>.

The price is usually \$50 each for most files, but can be lower or higher, depending on the amount of work necessary (i.e. panoramic from multiple files, HDR from multiple files, excessive cloning, excessive photographic noise, etc.). Questions? [Contact me](#) ...

- Mounting / Finishing Services

This list is far from inclusive, as I tend to treat each order as “custom”. Here are examples of the most popular combinations of print, substrate, thickness, and laminates. Got something else in mind? [Contact me!](#) We expertly ship anywhere in the USA ...

Acrylic Face Mount with Aluminum Frame

- The ultimate in photographic display prints
- Incredible depth & sense of presence, with a “3-dimensional” look
- FujiFlex Print face-mounted to 1/4” optically-clear Acrylic
- 2mm Black PVC Backing
- 3/4” Deep Aluminum Frames, inset 1” from print edge so that the print “floats”
- \$125 / sq. ft. (minimum price = \$125) - discount available on much larger prints
- *Turnaround time: 14 to 21 business days*

Ultraboard Laminated Surface Mount

- [Ultraboard](#) is a premium-quality foam core substrate
- Surface-mount Fuji RC gloss print on 3/16" black or white Ultraboard
- Gloss or Satin over-laminate
- \$43 to \$50 / sq. ft. - price depends on finished size
- *Turnaround time: 7 to 10 business days*

“Odd” & much larger print sizes / custom work available – please [contact](#) to discuss ...

- *We expertly ship anywhere in the USA!* •
