

LightJet Printing and Finishing Services

*Quality is not expensive - it's priceless ...
You will find quality here - reasonably priced!*

LightJet Prints

We print with light, not ink - Prints only, no finishing. Your file(s) must be properly "pre-flighted". More info here: [https://www.wattsdigital.com/li](https://www.wattsdigital.com/lightJetprints.html)
[ghtJetprints.html](https://www.wattsdigital.com/lightJetprints.html) or use the QR Code below. *Don't see your size?* We can do it, up to 50"x120" - contact us!

| <i>Print Size</i> | <i>FujiFlex Super Gloss</i> | <i>Fuji RC Gloss or Matte</i> |
|-------------------|-----------------------------|-------------------------------|

| 24x36 | 120 | 100 |

Master File Creation

What is a Master File, and why do I need one? The answer, and more info, is at <https://www.wattsdigital.com/masterfilecreation.html>, or use the QR Code to the right.

If your original file is:

| | |
|----------------------------------|------|
| JPG, TIFF, or PSD | \$70 |
| RAW File (<i>best results</i>) | 80 |
| HDR (<i>min 3 images</i>) | 85+ |
